Come take a stroll through our 1,500 square foot Signature Garden and hear about all the sponsors and community liaisons that keep this community treasure blooming. It's been five beautiful years since we first learned about the Signature Garden project and decided to participate. Now we want to give something back for all that the community has contributed. See and smell dozens of varieties in our four theme gardens including the Old-Fashioned Garden, the Children's Garden, the Heavenly Garden, and the Butterfly/Hummingbird Garden.
